

AAROS SERIES

A10-UT

Shown in Black/Silver

With solid billet aluminum baffles and highly specialized drivers, Leon's Aaros Series subwoofers are incredibly compact and offer more tonal balance than traditional large subs. At only 4.5" deep, our unique A10-UT subwoofer has been developed to be convertible to a forward-firing or down-firing position. Available in custom colors, and easily placed or hidden away completely, Leon's A10-UT subwoofer offers extreme performance and versatility in any space.

- Shallow cabinet design is only 4.5" deep to fit into any installation
- Convertible to down-firing position to fit under couch or in a cabinet
- Paired with Leon's 1,000W Class A/B amplifier for deep, controlled bass
- High-excursion driver reproduces low-end with impeccable clarity and precision
- Fully-sealed enclosures produce tight, accurate bass response

RECOMMENDED PAIRINGS: Horizon HzUltima, Profile PrUltima, Timbre TiUltima
